

After I entered my home number and email as requested, I checked my email and there was no response. I understand we only have until this Saturday to register. My number is 760-757-7593. I checked the box to check status and still no return email on having my number on the donotcall list. When can I expect to receive an email. Again, my email is 760-757-7593. Thnak you and have a nice eve / day
